A Maintenance Fee of \$264 (billed yearly) is available & highly recommended. This means Jett Print will log into your website once a month and check all links, content, details & update any plugins to ensure they are functioning correctly. A report is then generated & supplied to you for peace of mind. Ongoing changes after the Design is complete are charged at \$110 per hour (billed in 15 minutes increments). *Unlimited - No more than 75 hours total.
